The Electronic Industries Alliance
(EIA) is an alliance of six powerful
electronic and high technology
associations. Each preserves its own
unique autonomy while uniting under
common cause under EIA. Together
they form the premier high tech
association in the world. The
Alliance's joint mission is to
promote the market development
and competitiveness of the U.S. high
tech industry through domestic and
international policy efforts. EIA is
comprised of more than 2,300
member companies whose products
and services range from the smallest
electronic components to the most
complex systems used by defense,
